

# Swasth Sarthi

Smart Healthcare Companion

Made with GAMMA

# The Healthcare Access Crisis

In today's fast-paced world, timely access to medical assistance remains a major challenge, especially during emergencies.

Many patients struggle to locate nearby healthcare providers or communicate with doctors when they need urgent help.

Existing systems lack real-time tracking and AI assistance, causing dangerous delays in treatment.

# Our Solution

## Babycare resource and Guidline

Detects user's location instantly for accurate results

## Realtime report Analysis

Displays doctors and hospitals and user by

## AI Guidance

Intelligent chatbot provides health assistance

## Emergency Connect

Instant communication with medical professionals

# How Swasth Sarthi Works

## Realtime report Analysis

App detects your real-time data

## Healthcare DiscoveryBaby

View nearby hospitals and doctors on interactive map

## AI Consultation

Get instant medical guidance through chatbot

## Emergency Response

Connect immediately with emergency services

# Technology Stack

## Frontend

HTML, CSS, JavaScript for responsive user interface

## Backend & Database

MongoDB Atlas for secure data storage

## Api

gpt model

## AI Module

JavaScript-powered chatbot for health guidance

# Setup & Installation

01

## Clone Repository

git clone

<https://github.com/yourusername/swasths>  
arthi.git

02

## Open in VS Code

Run index.html using Live Server

03

## Configure MongoDB

Set up MongoDB Atlas connection

04

## API Key Setup

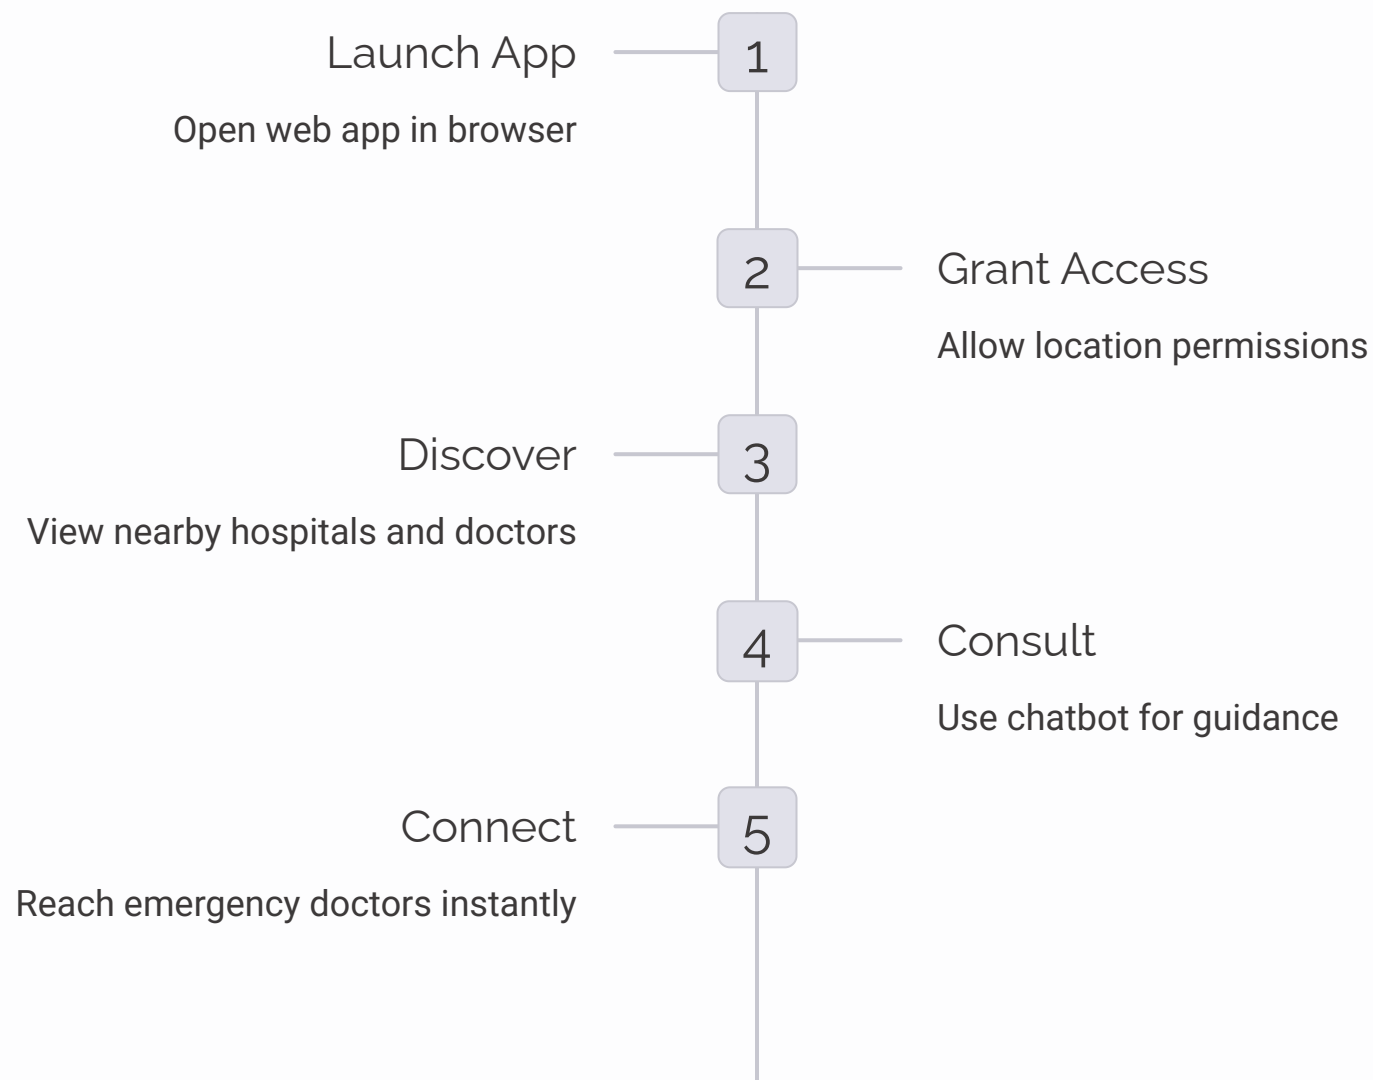

Obtain and configure gpt API key

05

## Launch Chatbot

Start the AI chatbot module

# User Journey

# Key Features

## Geolocation Integration

Precise real-time location tracking for accurate healthcare provider discovery

## AI-Powered Assistance

Intelligent chatbot provides instant medical guidance and support

## Secure Data Storage

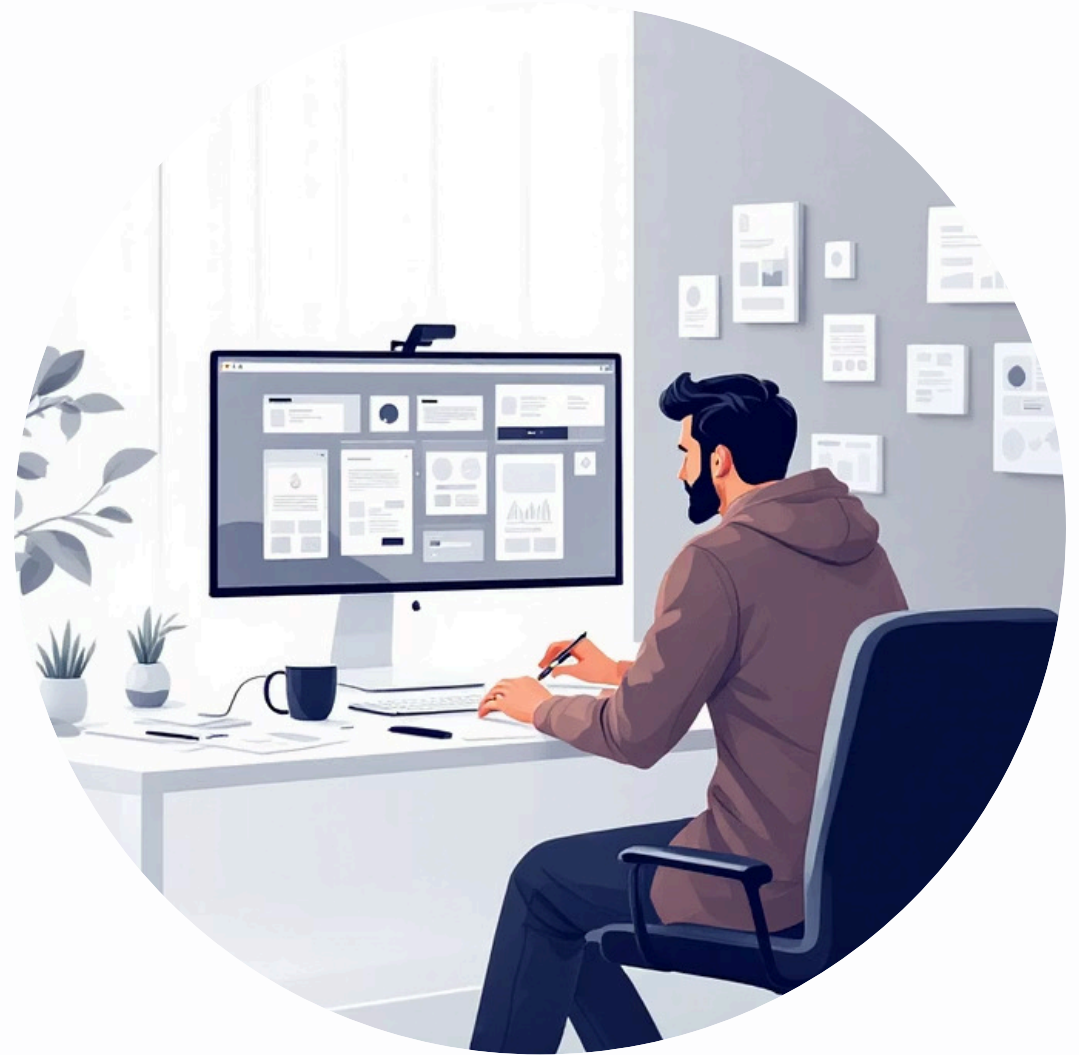

MongoDB ensures patient information remains protected and accessible

UI/UX Design

A futuristic illustration on the left side of the slide. It features a dark blue background with glowing white lines and stars. In the center, there is a glowing yellow and orange circular platform with a semi-circular light burst above it. To the left of the platform, there are two white icons: a plus sign inside a circle and a person icon inside a circle. To the right of the platform, there is a large white plus sign. The overall aesthetic is high-tech and medical.

# Transforming Healthcare Access

Swasth Sarthi bridges the gap between patients and healthcare providers, ensuring timely medical assistance when it matters most.
